1. The day of maturity required; this is the day of maturity required, demanded not; some sucking their thumb will try to be/remain, but entering in to, they will not.
The land is before them/me, me them.
The land is mine/theirs. The kingdom is nigh/present.
The now is required. Required.
The now is required.

2. Those who seek me in spirit and truth no longer limit me to words required, words interpreted by others, words received/incarcerated in others, freed; but me now, me released/freed, and me coming forth, truth, one love, one circus'd-not but providing all clarity, non-chaos, now recognize must the truth that now cometh forth through them. ***They must let me*** all. They must let me all myself ***through*** them. ***They must/cannot limit me***. "Afraid of me" must be put back from whence/where it came from, the not-me. I love you all.

3. This is the hour of holograms, teletransportation, unique appearances, and creativity of me coming forth; un-me'd, not; but me'd, me'd, my plan-forth, my forthcoming, not; my me there now and upon earth/me. I love you.

4. Who will see/be my kingdom? Who will be/remain afraid of me and bypass/be bypassed, by me, not; letting the me-not stay their hand into not-me, becoming that which is not me.

5. Who will follow my verbs, nouns, adjectives adverbly and letting me not my heart be troubled, follow my leading/words into kingdom of one, unity beyond unity, thought beyond/behind thought, not; but what is me all open and before light/all, light being, lighting all. I love you.

6. Who will see me from me and distinguish the me and not-me? And discerning all, be a part of it, not; but only me, having all and more?

7. Who will come into me for the pure me? Who will? You have, progressing, and progression of not-me, not; but pure/purely me.

8. I love you all. I love you all, notwithstanding, nothing. I love you, all. Amen.

9. Maturity, who will seek, who will limit me not?

You my chosen, all of you, who will.
I limit you not/have not limited you, only yourself; satan is.

10. I love you.

11. Limit me/you not my child/children, now becoming porters of light, not; but lighters of light already therein. Let yours become. You are me/mine, in surrender. Light displaces darkness, all. Watch me.
Discern. Mature. Loving me more and more.
I love you all/always.
Complete I am.
You I am.
I have given you all/my all.
